

***D*Estination: Space Exhibit
Celebrating Delaware's Contributions to
Space Exploration**

To celebrate the 50th anniversary of the Apollo 11 Moon landing, Delaware Humanities is developing a traveling exhibit on the history of Delaware's contributions to space exploration. While mainly focusing on the Apollo and shuttle programs, this exhibit will also include the stories from the first Delaware astronomers to current research being conducted in the pursuit of Mars.

The exhibit is ten (10) retractable banners and requires approximately 350 linear inches/30 linear feet (the exhibit, however, does not have to be presented in a linear format). If the exhibit size is too large but your organization is interested in hosting, please contact Delaware Humanities to discuss options.

The exhibit is free for any Delaware organization (libraries, museums, schools, cultural centers, and so forth) to borrow. Priority will be given to organizations that do not charge admission. The exhibit can be borrowed for one day to one week. If needed more than one week, please contact Delaware Humanities.

The Exhibit Host will be required to:

- Sign an Exhibition Agreement.
- Complete and return an Exhibition Final Report (which will be supplied with the Exhibition Agreement before the hosting period).
- Credit Delaware Humanities in advertisements, publications, and at related events as the exhibit sponsor. Use of Delaware Humanities' logo is also required.
- Assist when necessary in the transport of the exhibit.

Please contact Ciera Fisher with any questions at chfisher@dehumanities.org or (302) 657-0650 x112.
